92ND ANNIVERSARY
& INDUCTION CEREMONIES
JUNE 30, 2018

PHILIPPINE MEDICAL ASSOCIATION
MANILA

Message

Greetings from the Philippine Medical Association!

I am pleased to convey my warmest greetings to the officers and members of the Pangasinan Medical Society (PMS) as it holds its 92nd Anniversary and Induction Ceremonies on June 30, 2018 at The Amethyst Hall, Pentagon Building, Mac Arthur Highway, Urdaneta City, Pangasinan.

The theme: "PMS 2018: Championing Service, Selflessness, and Social Responsibility" brings your society's vision and mission to life.

Service and selflessness are enshrined in the 2,500-year old Hippocratic Oath and in the codes of contemporary medicine such as the WMA Declaration of Geneva and the modern-day Physician's Pledge. Article 1 of the PMA Code of Ethics starts with the definition of the primary objective of the medical practice --- service to mankind, where reward or financial gain comes only as a subordinate consideration.

The medical profession has an undeniably long history of professing this moral motivation for healing the sick. Physicians owe their status in life to the high level of respect they receive from the communities they serve. This respect comes from their selfless service and their ability to advocate for solutions to issues and social conditions that impact health.

As you enter your 92nd year of service to the people of Pangasinan, may you continue to be guided by the ideals of service, selflessness, and social responsibility. And may your new set of leaders inspire you as you translate your vision and mission into reality.

We look forward to the continued collaboration of the Philippine Medical Association (PMA) and Pangasinan Medical Society (PMS) in the pursuit of professional development for the physicians through continuing education to enable good professional practice and deliver quality healthcare to our fellowmen.

On behalf of the PMA National Officers and Board of Governors, my congratulations and best wishes to the incoming officers of the Pangasinan Medical Society.

JOSE P. SANTIAGO, JR., M.D.
2018 PMA President

PHILIPPINE MEDICAL ASSOCIATION
NORTH WESTERN LUZON REGION

Message

Greetings!

It is a great honor and pride that I join the members of the Pangasinan Medical Society in welcoming our new set of officers for the year 2018-2019.

I fondly recall my own challenges as the President of this society not so long ago and it is because of those challenges that I would like to encourage you to take to heart the role each member has.

The Philippine Medical Association is a fellowship of equals. It is therefore understood that, even though leaders were elected, the success of the component society is largely dependent on the participation of all its members. Although most programs are tailored according to the national activities, you are most welcome to come up with your own that best answer your needs as physicians and the needs of your community.

These days, it is becoming more challenging for the PMA and its component societies to be relevant to the practice of medicine of its members. It is my hope therefore that you will exert more effort and share more of your talents and skills and your precious time in making this society important in your day to day activities as Filipino physicians.

Although recognitions are always wonderful to look forward to at every culmination, it is by no means the only motivation to improve our goals. It is the acknowledgement of truly belonging to a proactive and compassionate society that will make us really happy and proud and relevant. So, let us put all our efforts and talents together in bringing out the best of our society.

Congratulations to all of us and Mabuhay Pangasinan Medical Society!

FELIPE GOZAR L. DUQUE, MD
Governor - PMA North Western Luzon

Republic of the Philippines
PROVINCE OF PANGASINAN
OFFICE OF THE GOVERNOR

Message

My warmest greetings and congratulations to the officers and members of the Pangasinan Medical Society (PMS) on your 92nd Anniversary and Turn-Over ceremonies anchored on the theme: “Championing Service, Selflessness and Social Responsibility.”

Your noble undertakings manifest your continued commitment to maintain your good standing in the medical profession, that is, service beyond self, for the benefit of our provincemates as embodied in your chosen theme. Certainly, your countless contributions have helped sustain our high quality standard of health care in our province.

Thus, I wish to sincerely express my gratitude to the PMS for partnering with the provincial government in the implementation of salient health government programs and in making Pangasinan as the “Home of the Healthiest Filipinos.” I wish you many more success in your future endeavours as we harmoniously work together in making Pangasinan truly Number One.

Congratulations and Mabuhay!.

HON. AMADEO I. ESPINO, III
Governor

Republic of the Philippines
PROVINCE OF PANGASINAN
MUNICIPALITY OF URDANETA

Message

My warmest greetings to the officers and members of the Pangasinan Medical Society, Inc. on the occasion of your 92nd Anniversary and Turnover Ceremonies.

The PMS, through the years, has steadfastly served the province and our city by making health services more available and more accessible to our people. More than being mere medical practitioners, your members have proven to be responsible leaders and responsive citizens who do their share in nation-building and community development.

I am confident that under the leadership of incoming President, Dr. Arlene Pavo, my kailian, the PMS will continue to be a partner in public service and a pioneer in health innovations in the province.

Mabuhay po kayo!

AMADEO GREGORIO E. PEREZ IV
City Mayor

PANGASINAN MEDICAL SOCIETY

Message

After accomplishing all the projects and activities during our incumbency, I am so elated and emotional because of the chance and the choice to serve the Pangasinan Medical Society. It was indeed a great "F.O.C.U.S." for the officers and members of the outgoing administration as we Fostered Opportunities and Collaborations for Unparalleled Success, thus my sincerest gratitude to all.

I have personally crafted two flagship programs, the first of which is the "AHDeP" initiated in 2010 – the Adolescent Health & Development Program, which consists of sessions and workshops for health professionals dealing with adolescents and for adolescents themselves to help and guide them to the resolution of health issues. The AHDeP consists of sessions on Sexual & Reproductive Health, Adolescent Psycho-Social Screening, and Mental Health sessions to name a few. The second flagship program is the "NeMoR" – Neotala Mortality Review, which was conceptualized in 2016, to answer to the demand of knowing the causes of newborn deaths in the province, thus creating resolutions to confounding factors causing such. This program gave birth to the LGU guidelines that include ready access to barangay vehicles during emergency, the LGU-assisted Monetary Fund Assistance for indigents, and the streamlined recording system for the province-wide neonatal mortality reports.

To the incoming officers, always bear in mind the four P's for a prolific fiscal year during your term of office. Initially is PASSION – find the drive within you to do what needs to be done, PURPOSE – everyone must aim at one common goal, PERSEVERANCE – commit to the task and persist to succeed, and PRAYER – to provide you with the strength and the guidance towards accomplishment. Congratulations and good luck to all!

My enduring appreciation for giving me the pleasure of serving the PMS for 730 days. Maraming Salamat po at Mabuhay ang PMS!

HILARION H. MARAMBA JR. MD
President 2016-2018

PANGASINAN MEDICAL SOCIETY

Message

Greetings!

First of all, let me congratulate my fellow Pangasinan Medical Society officers for accepting the herculean challenge of leading the society this year. As we embark on steering the society to a greater height, we are undoubtedly confronted with an obstinate question, "Are we now ready to sail on and face the formidable challenges facing the society?"

As this year's officers of Pangasinan Medical Society, led by yours truly, we will strive to embrace this year's theme values: "service, selflessness and social responsibility" as our core tenets of success. I would like then to propose that these three values be **"The Three (3) Ss of an Authentic and Effective Medical Doctor".** And by embracing these values, we can be truly called a professional. As such, let us do our utmost to champion them:

SERVICE: Service is not merely providing what patients need, on the condition that they pay us in return. It is not satisfying the expectations of favored patients, not even providing the service in our own terms. Simply put, let us not allow pay, kinds of people or even politics to define the kind of service that we provide. Let us serve to touch lives.

SELFLESSNESS: Merriam-Webster Dictionary offered a simple definition as "having great concern for other people and little or no concern for yourself." I believe, Selflessness makes up an authentic medical doctor. More often, we forget to tend for ourselves and for our loved ones just to attend to our afflicted, grieving patients.

SOCIAL RESPONSIBILITY: As medical doctor, we must possess a strong sense of responsibility – the obligation towards the welfare and interests of the community or society where we operate. In our own initiatives, we must support programs that would redound benefits of the people around us.

"Isulong ang kapakanan ng nakakarami, hindi ng sarili" seems to be an appropriate battle cry for us.

Championing Service, Selflessness and Social Responsibility, undoubtedly is a daunting challenge that we must leap over in order for us to be effective and successful in running the affairs of our esteemed organization. But championing them, we must for us to reach our envisioned destination, no matter how tough the going would be.

Indeed, together we will succeed. Kung sama-sama, kayang-kaya!

Mabuhay tayong lahat!

ARLENE P. PAVO, MD
President Elect 2018-2019

PANGASINAN MEDICAL SOCIETY

Message

My warmest greetings to all my fellow doctors, to the newly inducted officers and members of the Pangasinan Medical Society. I am indeed privileged to lead this year's PMS - Eastern Pangasinan Subchapter.

The PMS 92nd Anniversary and Induction Ceremony theme, "PMS 2018: Championing Service, Selflessness and Social Responsibility" truly describes us medical doctors' present status. Let us continue share our service wholeheartedly without thinking the remuneration in return, despite the unaccountable, badly-behaved social obligation.

We must show courage in our leadership, in our practices, in our communities, in our organizations, and in our partnerships with patients, agencies, other health professionals. We will be honest brokers and agents for positive change. We will show our commitment to society. We will honor our social contract. And we will keep our patients at the center of everything we do.

May GOD bless us always in our endeavors.

ROMELA REMEDIOS A. CABANAYAN, MD
President
PMS-Eastern Pangasinan Chapter

PANGASINAN MEDICAL SOCIETY

Message

Dear Colleagues,

As the president of the North-Central subchapter of the Pangasinan Medical Society (PMS), I would like to welcome you all to our 92nd ANNIVERSARY AND INDUCTION CEREMONIES. The theme for this year's event, "Championing Service, Selflessness and Social Responsibility", summarises the zeal with which the present subchapter officers carry in our hearts as we enter our first year of service to the Society.

This is the first time in my 19 years of private practice in Pangasinan that I will serve as an officer of the Pangasinan Medical Society. I am greatly humbled by the opportunity. Together with the rest of the subchapter officers, namely: Dr. Cherryfair Tamayo (vice president); Dr. Macrina de Guzman (secretary); Dr. Virginia Petrola (Treasurer); and Dr. Ofelia Rivera (PRO), we pledge to actively support the Pangasinan Medical Society in carrying out its noble objectives.

Thank you, Dr. Arlene Pavo and the rest of the incoming officers of the component society, for giving their time and effort to ensure the success of this activity.

JUDE ANTONIO C. GONSALVES JR., MD
President
PMS-North Central Pangasinan Chapter

PANGASINAN MEDICAL SOCIETY

Message

My warmest greetings and congratulations to our newly inducted 2018 PMS President Dr. Arlene Pavo, with his newly inducted leaders.

It is my pleasure to be chosen as one of the 2018 PMS Subchapter Presidents.

It is indeed a great challenge , for us to cooperate and continue the Mission, Vision of our Society.

May God help us to be united to achieve our goals.

God Bless us all..

DR. MARISSA A. FERNANDEZ
President
PMS-West Central Pangasinan Chapter

PANGASINAN MEDICAL SOCIETY

Message

Congratulations to the newly-inducted members of Pangasinan Medical Society!

As the president of the South Central chapter of PMS, I give my warmest greetings to our beloved colleagues who have chosen to be a part of our prestigious society.

Pangasinan is one of the country's largest and most populated provinces, with 44 municipalities, 4 cities and 1364 barangays, which is home to approximately 3 million Pangasinenses. As physicians, we are responsible for caring for our kabaleyan's health and well-being, and to be able to successfully cater to their needs, a collective effort is required not only to treat sick patients, but to educate the public on prevention of diseases.

Our focus should also be not only on the patients whom we treat, but to our colleagues as well. Medical professionals are facing a myriad of modern-day problems that are unique to our current generation: doctor-shaming is very rampant in various social media platforms. Such a public attack on a colleage also hurts our entire profession, so we must all come together and unite against this unfair practice. Proper education is still the key to this problem: the public must be made aware that complaints against physicians must be directed through proper channels, so that a positive action may be taken to address their concern.

These are just a few of the many hurdles that we Pangasinan physicians must face together. Individually, it is impossible to create a dent in the system, but with all our efforts joined together, we can take on these challenges and pave the way towards the path of better health care system in Pangasinan.

Again, congratulations, and mabuhay, Pangasinan Medical Society!

DR. JEROME DAVID J. SISON
President
PMS-South Central Pangasinan Chapter

PANGASINAN MEDICAL SOCIETY

Message

Warm greetings from the Western Pangasinan Chapter ! It is with great pleasure and warm heart that I welcome everyone to our 92nd Anniversary and Induction Ceremonies of the Pangasinan Medical Society.

I humbly accepted the responsibility to represent all the doctors from the 9 municipalities and one city of the Western side of Pangasinan namely , Alaminos City, Sual, Bani, Agno, Anda, Bolinao, Mabini, Burgos, Dasol and Infanta. Though I foresee the great obstacles of distance and communication, we the 2018 officers will take a leap towards a more reunited doctors, goal oriented programs and well distributed service and activities to our constituents.

We take pride as we embody the enthusiasm and positivity of our incoming President Dr. Arlene Pavo . We are so proud of you our Dear Brother!

With this , I look forward in bringing Pangasinan Medical Society to the very heart of people where help is greatly needed!

EMMANUEL G. RACHO, MD
President
PMS Western Pangasinan Chapter

PMA HYMN

Awit Ng PMA

Ang puso ko'y tigib nang kasayahan
Dahil ako ay nasama sa tanan
Ang lahat may gintong nasa
Makisig at Masigla

Kapisanan ay tunay ang damdamin
Suliranin nitong baya'y pawiin
Idalangin natin ng tapat
Sa Maykapal may lunas sa lahat.
(Repeat 1)

Koro:
Awit ng PMA
Tayo ay magdiwang
Magtulungan, Pag-unlad ng Bayan
Ang kailangan ibigay sa tanan
Kalusugan at Kasaganaan.

PMS HYMN

Ang Tala Ng Pangasinan

Sa puso Ng Inang Bayan
Ay hiyas na kumikinang
Ang paglilingkod sa tanan
ng PMS nating mahal

2
Ang dilim ng gabi at sikat ng araw
Ay di alintana ng diwa't pananaw
Lalo't may nilikhang tungo'y takipsilim
Alay ng paglingap, lakip ay dalangin

Refrain
Pinagbuklod na damdamin
Gintong bisig ng PMS
Kailan may di maglalaho
Ang luningning ng PMS
Mga dakilang tungkulin
Taimtim na sinumpaan
Buong pusong tutuparin
Ngayon at magpakailan man.

Repeat Refrain 1x

3
Pangasinan Medical Society
Bituwen kon pinab pabli
Say tulong mo ed karaklan
Andin balot nalingwanan.
